Fahey Gets Report On USO Activities From Thos. Dewey

In a recent letter to Mayor John J. Fahey, Thomas E. Dewey, committeeman of the United Service Organization campaign, reported the progress and development of the national program for service men.

Dewey informed the mayor that the USO has surpassed their original goal financially. The total funds for the organization is $16,000,000, while they set out to raise $10,760,000 originally.

Reporting on the current operating program, Dewey wrote that the committee has been assured by the army that 240 USO buildings will be ready for use by December 25.

Meanwhile there are 293 units in operation throughout the country, in the canal zone, Hawaii, Alaska, Newfoundland, and the West Indies. There are more than 600 workers now on duty in the organization.

Dewey's letter to Mayor Fahey reads:

"Hon. John J. Fahey, Daly City

"Dear Sir:

"As one who helped make a success of the USO, you will be interested in knowing where we stand and what we are doing.

"Financially, we are ahead of our original goal, but behind the needs of our present budgets. We set out to raise $10,760,000. We will total $16,000,000 shortly. After local sharing for defense needs, the Citizens' Committee share for entertainment, and campaign expenses, the USO will have net $13,400,000 for operations. Because of the great army expansion we now need even more than this, but we can be proud that we so far exceeded the original quota and that we will be able to do much more than was originally expected.

"The operating program, as you doubtless know, was delayed several months by the failure of the government agencies to progress rapidly enough with the building program. This has now been solved by transfer of the job to the army, and 107 building contracts have now actually been let. We have been assured by the

LAWNDALE VOTES FOR NEW NAME

Community To South Of Daly City Incorporates As Colma

Lawndale has a new name—Colma!

Although this may sound confusing, it will mean the eventual clarifying of the names for the South End of Daly City and the area previously called "Lawndale." Much of what is commonly called Colma is in reality part of Daly City. To further add to the confusion there is another "Lawndale, California."

To correct this situation, the city held an election, Monday, and voted to change the name to Colma. The city council of Lawndale had called the election on a petition of a number of Lawndale residents. A popular vote in favor of the change was the result.

The United States Post Office department would not recognize Lawndale until this change had been made.

Before the incorporation of Lawndale took place, the city was a part of Colma, one of the oldest towns in San Mateo county. Since that time the original Colma has been incorporated into Daly City, which was a secondary reason for voting to change the name of Lawndale to Colma—to preserve the name of Colma.

The city, one of the most unique municipalities in the world, is the center of the cemeteries of the Bay area. It is unique in that all the memorial parks of San Francisco are located in one spot.

The new Colma, erstwhile Lawndale, originated from an association of ten cemeteries in 1923.

During the following year, the cemetery area, by means of the Associated Cemeteries, decided upon incorporating the cemetery area for the betterment of all members, and on August 11, 1924, it was officially incorporated into the town of Lawndale.

The name of Colma will now be filed with the Secretary of State of the United States, and the city will officially become Colma.

Local Draft Board Announce Shortage In 1-A Selectees

Deferred selectees with correctible physical defects will be re-examined in the near future for possible induction into the army, according to instructions received by the local draft board.

Due to the shortage of 1-a class of selectees throughout the state, it has become necessary to make this second examination by army doctors. It is the belief that many physical defects can be corrected so that the number of eligible men for service can be enlarged.

It was further announced that minor defects will be corrected by a physician of the selectee's choice, or at army hospitals at the expense of the government.

The next call from Daly City, calling for eight men, is slated for December 4, and is expected to be the last call issued until after the first of the year.

Daly City Buys Street Sweeper

Purchase bid for a new street sweeping apparatus was accepted, Monday night, at a special meeting of the city council.

The bid from the Elgin company was accepted for a sweeper with the price listed at $7650. Daly City's present sweeping machine, a thirteen year old apparatus, was purchased from the same firm.

Delivery of the new sweeper was requested within 120 days, although the firm, as all others, has experienced difficulty in meeting production needs.

A motion was also passed at the meeting, Monday, accepting the deed in a lot involved in the Colma street project.

The short meeting was adjourned following the passing of the two motions. Regular council meeting will be held Monday night, November 24.

Want Men 17 to 50 For Naval Reserve

According to an announcement made this week in Washington by order of Secretary of the Navy Frank Knox, "All men now enlisting in the Naval Reserve will be retained on active duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment."

Enlistment in the U. S. Naval Reserve is for four years but, if a man enlists today and the emergency ends within a period of several months, he will be returned to his civilian job as soon as possible after the emergency is over, and will not be required to complete his four year term in active service.

Four classes of service in the United States Naval Reserve need men urgently today. They are Class V-3, which includes radio and communications; V-5, aviation; V-6, for trade specialists or men desiring trade or vocational training; V-7, fleet officers.

All applicants for the U. S. Naval Reserve must be native-born citizens of the United States with the exception of candidates for Class V-5 who must have been United States citizens for a period of at least ten years.

Detailed information with regard to an enlistment in any class of the U. S. Naval Reserve may be secured by writing to or calling at the Daly City Record office, 3317 San Jose avenue.

Jeff Indians Ready for Traditional Thanksgiving Game With South City

On the warpath for possession of the prized "tomahawk", Jefferson high's Indians will clash with the Warriors of South San Francisco in the big game of the year, tomorrow morning at 10 a. m., on the South City gridiron.

The Thanksgiving Day contest will mark the seventeenth year that the two teams have played in one of the oldest football rivalries in the Peninsula Athletic league. The two schools own a plaque with an axe attached, and the winning team keeps the traditional "tomahawk" until they are defeated by the other school.

Blazing the trail to South City, the Jefferson tribe is out to bring the axe to Daly City, as they have lost the game for the past two years. To date, the Jeffs have had their share of tough luck, and have suffered plenty of setbacks.

Coach Albert Biggs, who only recently added the football job to his schedule of duties as athletic director of Jefferson high, reported the Jeffs to be in good shape for the turkey day game at South City. Biggs took over the coaching duties in midseason when Coach John Matthews was called into the naval reserve.

The Jeffs will boast, as their chief offensive threat, the alternate forward passing of Jack Rainey and Harlan Ferrando. In the ball-carrying department, Jack Andriola, the Indians' fleet-footed sophomore halfback, will bear much of the responsibility for the effectiveness of the Jefferson running attack. Huerta will call signals for the Jeff Indians in tomorrow's contest.

Jefferson hopes were bolstered considerably by the Indian victory over the San Jose team earlier in the season.

The South San Francisco eleven, coached by the veteran Floyd "Pop" Hunter, are rated as a slight favorite to take the measure of Jefferson high school in tomorrow's fray. By virtue of their performance against some of the top-ranking teams in the PAL, South San Francisco is regarded as one of the most improved elevens since the start of the league season. The Warriors tied Sequoia while the latter led the league with an undefeated record.

The Warriors boast one of the strongest forward passing threats in the league in "Blacky" Bernhard, sharpshooter halfback. Bernhard's record has been surpassed in league play only by that of Ward Bowers, Burlingame's contender for All-PAL honors. The combination of Bern-

Leaders to Attend Recreation Meeting

Mrs. Marie Burton and Mrs. Alice Hillerich, members of the Daly City WPA Recreation department, will attend a meeting of the San Mateo county recreation departments tonight at the San Mateo Civic Center auditorium.

A panel discussion of the problems of local recreation organizations will be aired at the session, the third of its kind in the county.

The meeting will be supervised by Arthur Ryan, county supervisor. E. Rodney Overton, state supervisor, and Dr. A. A. Esslinger, associate professor of physical education at Stanford university will be present.

D. C. Police Nab Thief at School

Daly City police made an arrest of a grand larceny violator, Arthur John Neilson, 675 Howard street, San Francisco, when they found him in an attempt at burglary at Jefferson Union high school, early Tuesday morning of last week.

Officers Edmund Heim and Joseph Kusber, while patrolling in the vicinity of the high school shortly after midnight, noticed the light in the office of the high school, and later saw the figure of the man. Officer Kusber entered the building through the front entrance, while Officer Heim entered at the back, and, in this manner, closed in on Neilson.

Neilson was found lying on the floor of the office, and on questioning him, the police found that he had gained entrance to the building through an open window. The burglar gave his name as Arthur John Hansen.

An immediate investigation by James G. Reardon, chief of the

Applicants Sign Up For First Aid

With 25 applicants signed up for first aid in the local civilian defense movement, the American Red Cross will soon introduce the course of instruction in first aid to the applicants.

It is expected that many more names will appear on the roster in the next week, since there is still time to register for civilian defense duty. Registration is being held at the city hall. Arthur J. Bodien, chairman of the Daly City Disaster Preparedness and Relief committee, reports a number of volunteers who have already secured their standard first aid certificates.

The local committee, with plans in order, are now awaiting further instructions from the national defense committee. Bodien expects further federal plans in the near future.

Local Schools Close For Thanksgiving

Daly City schools will be closed Thursday and Friday of this week in observance of Thanksgiving.

Both the parochial and public grammar schools and Jefferson Union high school will be dismissed at their regular times this afternoon, and will reopen Monday morning at the usual time.

Students of Jefferson Union high school will celebrate the holiday at South San Francesco, tomorrow morning, when the high school football team plays South San Francisco at 10 a. m. on the South City gridiron.

City Offices, Banks

City offices of Daly City and the local bankers of Bank of America will join in observing the national holiday tomorrow, Thanksgiving day.

All offices in the city hall will be closed, tomorrow, with the exception of the police department.

Displaying the 4-S slogan of Civilian Defense week is Maxine Hudson, Jefferson high school student. Students at the high school listened to a radio program each day in connection with the observance of Civilian Defense week.

My Week by Eleanor Roosevelt

PLEDGE AGAINST WASTE

I have taken the pledge which Miss Harriett Elliott is asking all house-holders in the country to take during civilian defense week.

Knowing quite well that, in the White House, it would be impossible for either Mrs. Nesbitt or me to sign this pledge honestly without the co-operation of the whole White House staff, I asked all those who were on duty to meet me.

I explained its meaning, particularly in not wasting anything. I urged them all to sign the pledge individually when it comes out, and to try to live up to it in the White House. I hope, also, that they will persuade their own families to join with us. They were most co-operative and my first suggestion came immediately from Mrs. Nesbitt, who said that we had certain things that were always left over after a big party, which could be sent to the self-help co-operative farm and fed to their animals. So we have found one useful outlet for leftovers which could not be used at all on our own table.

CORRESPONDENCE COURSE

We hope very shortly to have a correspondence course available in the Office of Civilian Defense. It is a fairly simple study on nutrition and the duty of the consumer. Many people who cannot attend classes may be able to read these courses and go to a volunteer bureau or consumer's information bureau once to take a test. This will then make it possible for every household to feel it is part of the civilian defense effort.

COST OF LIVING

I had some quite appalling news on the rise in the cost of living last week. The average housewife must now spend 14 per cent more money for the food she will need for the family dinner than she did a year ago. In some cities, the increase in food costs is even greater, running to over 19 per cent. If you were preparing a meal of ham and eggs, potatoes, white bread, butter, coffee and milk, the following prices show you what you would pay this year in comparison with last year:

	1940	1941	Increase %
Ham (lb.)	25.4¢	34.4¢	35
Eggs (doz.)	37.2¢	46.9¢	26
White bread (lb.)	8.1¢	8.5¢	5
Butter (lb.)	34.3¢	43.5¢	27
Potatoes (15 lbs.)	28.8¢	32 8¢	14
Coffee (lb.)	20.8¢	25.7¢	24
Milk (qt.)	12.3¢	13.9¢	13

In other staple products, the prices have gone up very considerably also. For instance, here is a table which may interest you.

	Sept. 1940	Sept. 1941	Increase %
Sugar (10 lbs.)	51.0¢	60.0¢	18
Flour (10 lbs.)	40.1¢	47.5¢	18
Lard (lb.)	9.3¢	14.6¢	57
Evap. milk (14½-oz. can)	7.0¢	8.4¢	20
Cheese (lb.)	25.7¢	32.7¢	27
Onions (lb.)	3.6¢	4.2¢	17
Salmon, red (16-oz. can)	25.9¢	33.7¢	30
Corn (#2 can)	10.5¢	11.8¢	12

The greater part of these increases occurred since last February, and in October of this year prices were still rising. Some of these prices should undoubtedly have increased, particularly if the increase reflects itself in the farmer's pocket. I am wondering, however, if, in the case of milk, we will not have to resort to less handling, in order to keep the price on a level where children in cities can have enough.

Sale of Christmas Seals Opens Nov. 24

Residents of San Mateo county got a preview of the 1941 Christmas seal—with its lighthouse symbol painted in rich, glowing colors—when 1200 poster replicas of the seal were distributed to business houses throughout the county, Monday, by local YMCA organizations.

Stevan Dohanos (above) recovered from tuberculosis to become muralist and illustrator. He is artist of 1941 Christmas Seal.

The posters, heralding the start of the sale, November 24, have been distributed under the direction of Glenn Snyder, county "Y" director.

During the past week 150 Girl Scouts have given 450 hours of service at the San Mateo County Tuberculosis and Health association headquarters in San Mateo, preparing seals and letters for the mail campaign, and fifteen Brownies directed by Mrs. Robert Taylor have assisted with this work.

Florida's Edible Fish

Of the more than 300,000,000 pounds of fish caught in Florida waters annually, little more than one-third are of the edible variety, according to R. L. Dowling, state supervisor of conservation. The non-food fish, mostly menhaden and sharks, are used in the manufacture of fertilizer, oils and novelties, Dowling explained.

No Blackout

Failure to display tail lights on their baby carriages during the blackout cost four women four shillings (about 80 cents) each. They were fined in magistrate's court at Walsall, Staffordshire. The arrests were made after one of the carriages was hit by an automobile.

COLMA VISTA GRANDE "B" TEAM WINS OVER GOLDEN GATE D ODGERS, MON. NIGHT

Colma Vista Grande Eagles' "B" bowlers took a 3 to 0 series from the Golden Gate Dodgers in the Eagles Peninsula League, Monday night.

San Francisco "A" team won a 3 to 0 series from Colma Vista Grande "A" keglers, and the Golden Gate Yankees still lead the league as they outbowled the San Francisco "B" team by a 2 to 1 score. In the other league series, Redwood City defeated South San Francisco by a 2 to 1 score.

The standings:

Team	Won	Lost	Pct.
Golden Gate Yankees	24	6	.800
San Francisco "A"	19	11	.633
Colma Vista Grande "A"	18	12	.600
Redwood City	16	14	.533
Colma Vista Grande "B"	14	16	.467
Golden Gate Dodgers	13	17	.433
San Francisco "B"	9	21	.300

Unwanted Silk

Because of the low American demand for raw silk, the fiber has been piling up unsold in Yokohama and Kobe, and reelers are trying to sell so as to get cash to buy cocoons.

The customs of women dyeing their hair and tinting their fingernails date back some 4,000 years in Egypt, as is evidenced by pictures in ancient monuments and by mummies.

army that 240 USO buildings will be ready by December 25.

Meanwhile, the USO has not been resting on its oars. Throughout the country, and in the canal zone, Hawaii, Alaska, Newfoundland, and the West Indies, we have 293 units in operation, with 161 as actual clubs for the men in service. Army Theft Trial In District Court

Brought before Judge L. G. Hardy in the district court in Daly City Friday, Peter Lucia, 281 Niantic, Daly City, was sentenced to six months in the county jail, and fined $500 on a charge of theft of government property. Lucia, entering a plea of guilty, was placed on probation for a period of two years.

The federal government was represented at the trial by five army officers.

Chief of Police James G. Reardon of the local police department was informed of the theft two weeks ago and, on investigation, found that Lucia had taken 300 feet of army communication wiring in the vicinity of North Park avenue and Junipero Serra boulevard. The defendant claimed that he was not aware that the wiring was government property, although Chief Reardon stated that government tags are attached to the wire about ten feet apart.

Chief Reardon brought the case before the Federal Bureau of Investigation for prosecution when the case opened. The FBI, however, waived federal prosecution on the grounds that if Lucia had been prosecuted by the federal government, he would have received no less than a ten-year sentence at the federal penitentiary.

It was the decision of the federal agents to turn the case over to the district court in Daly City. Chief Reardon signed the complaint in the case.

After sentence was passed, Judge Hardy warned Lucia of the strict probation terms for the next two years. Judge Hardy pointed out that in these days of national defense preparation, the army could not tolerate any such hindrances in their program.

The defendant was further shown the serious complications that such an offense could cause if the army had needed the wiring at the time for communication purposes.

Looking For A Turkey Dinner?

In case some folks are worrying over fitting a Thanksgiving dinner and the Thanksgiving Day matinee of the Grand National Livestock Exposition, Horse Show and Rodeo into one holiday afternoon, Sam Miller, Exposition food concessionaire, today supplied the answer.

You can have both—the matinee and the dinner—at the "Cow Palace"!

Miller said that the two cafeterias at the "Cow Palace" and the fashionable "Sky Room" would be equipped to serve turkey and trimmin's all day long.

Thanksgiving Dinner at the "Cow Palace" will be on a strictly first-come-first-served basis, Miller added, as the facilities for serving meals accommodate approximately two hundred people at a time, while the "Cow Palace" holds twelve thousand.

Daly City Theatre To Feature "Sun Valley Serenade"

Sonja Henie, John Payne Are Stars Of Film

"Sun Valley Serenade," 20th Century-Fox's new entertainment inspiration starring Sonja Henie and John Payne and featuring the irresistible rhythms of Glenn Miller and his Orchestra, is the new attraction due tomorrow at the Daly City theatre.

With most of the scenes set on the sunny, snowy slopes of the nation's glorious vacationland, "Sun Valley Serenade" is a gay, romantic musical with new skate and ski surprises.

Sonja is featured in two new skating ballets and several skiing routines. She is again given the opportunity to show the mastery on ice which won her renown as the World and Olympic Figure Skating Champion.

The happy comedy starts when John Payne, piano player for Glenn Miller's band, finds that the "little" refugee he has offered to care for is really Sonja. He tries to duck out of the agreement, but Sonja keeps after him to his discomfort and to the annoyance of his fiancee, Lynn Bari.

This gay romance is helped to its unusual climax by the popular rhythms of America's number one band, Glenn Miller and his Orchestra. In addition to playing seven new tunes by Mack Gordon and Harry Warren, Glenn and the boys handle acting roles. They also present their already famous arrangement of "In The Mood," which has sold over half a million records. This is the band's first feature picture appearance.

Companion feature on the new bill will be "The Lady From Louisiana," with John Wayne and Osa Munson.

Sonja skates to Glenn Miller's music in the latest 20th Century-Fox entertainment triumph, "Sun Valley Serenade." Here Sonja taps out a number while Glenn warms up his trombone, and John Payne, who is starred with Sonja, gives out with the piano accompaniment.

Daly City Post Sponsors Program For Veterans

Daly City Post No. 410, American Legion will present a program of entertainment at the Veterans' Facility in Palo Alto, Friday evening.

The Indians of Rhythm and the Cowboy band from Jefferson Union high school will headline the entertainment for the veterans. Dante P. Lembi, former instructor at the high school and originator of both musical organizations, has arranged to be with the Daly City group on Friday night. Lembi recently was called into the service of the United States Navy, but was granted the time off to appear with his musical proteges.

The American Legion sponsors a program of this kind once a month.

Bethel No. 26 Wins Championship

Bethel No. 26, Order of Job's Daughters, was named state champion in the competitive drill at the California State convention in Sacramento, Saturday, November 8. The drill team included a number of Daly City girls.

Eight teams were competing in the drill. This year marks the second consecutive year that Bethel No. 26 has won high honors.

The Daly City representatives on the championship team are: Betty Morris, captain; Norma Barker, first lieutenant; Jean Hanselman, Pebbie Barker, and Betty Brewer.

Mrs. Naomi Murphy, San Francisco, was hostess to the auditing committee, last night. The auditors, Mrs. Lottie Chapman, Mrs. Hilda Prziborowski, and Mrs. Catherine Foreman, were present.

The ladies who represented the local unit at the district meeting, Friday, were Mrs. Murphy, Mrs. Mary Crane, Mrs. Alice Reilly, and Mrs. Margaret Kenney. The meeting was held at Burlingame Legion hall. Mrs. Reilly is district president.

Luxury DeSoto Keynote

Deep, wide, chair-high seat cushions, designed to afford passengers maximum riding comfort, are features of the new 1942 De Soto, now on display here at the showrooms of James E. Donahue, 6259 Mission street. In the Custom four-door sedan, shown above, seat cushions are of the bolster type. Front and rear seat of every sedan in the line will comfortably accommodate three full-size adults. Featured this year are "personalized interiors." A wide choice of colors and fabrics permits the buyer to select a car interior color-matched to his individual taste.

De Soto Features "Personalized" Interiors for '42

In addition to the wide comment heard here about the many mechanical, convenience and comfort advancements of the new 1942 De Soto car, the "personalized interiors" are coming in for more than their share of favor with motorists, points out James E. Donahue, Daly City De Soto-Plymouth dealer.

"Motorists can now be their own interior decorator when they choose a new De Soto," said Donahue.

"De Soto's 'personalized interiors' make possible sweeping selections from broadcloths, pile fabrics, whipcords and leathers, all in a great variety of colors. A wide choice of color schemes for each body type is possible through this new plan of interior styling.

"Even the instrument panel conforms to the idea of 'personalized interiors'," Donahue went on to say. "The panel and the ledge above it are richly grained. Fluted bands sweep in from both sides to join a bank of vertical grilles, behind which a radio can be mounted."

THANKSGIVING HANDICAP SET FOR TOMORROW

Tanforan's ranking 2-year-olds will match strides in a special stakes—the Thanksgiving Handicap, tomorrow—it has been announced by Racing Secretary Johnny Maluvius. The engagement will be at a mile and a sixteenth.

Simultaneously it was announced that purses would be raised for the better grade of distance horses, this week. On orders from J. W. Marchbank, directing owner of Tanforan, the purses have been scaled up in distance races for the four-day period.

The Thanksgiving Handicap, tomorrow, is likely to establish the juvenile champion of the season. R. C. Stable's Radio Joe is the best youngster seen under silks here this fall, but his supremacy will be contested by T. D. Grimes' With Regards, the champion of Hollywood Park.

Racing here has gone on a four-day-a-week basis for this week and next. It goes back on the five-day-a-week schedule for the "charity week," with the season ending December 6.

The Bay Meadows meeting, November 26 to November 29, will be run here, under the Tanforan set-up, but for the benefit of the California Jockey club. The $5,000 California Homebred Stakes for 2-year-olds at six furlongs will headline the Bay Meadows meeting on Saturday, November 29.

DOUBLE THANKSGIVING

This is the last year Mr. Tom Turkey, in Thanksgiving day garb, keeps a double date with the American public on successive Thursdays.

Hereafter, the nation will give thanks in unison for America's bounty and celebrants will ply roast fowl on the last Thursday in November in every state. The celebration of the third Thursday in this month as Thanksgiving day has found approximately only half the states honoring that date. Restoration of the holiday to the later date marks, however, only one more change in the most changeable holiday in American annals.

The Pilgrims, who first held a day of Thanksgiving, did not observe the occasion regularly. President Washington designated the last Thursday in November, 1789, as a Thanksgiving day in all states, but in a few years the precedent was ignored, and states celebrated the day on different dates. It was President Lincoln who, in 1864, issued a proclamation calling for the observance of the fourth Thursday in November and re-established the precedent followed down to President Franklin D. Roosevelt's time, then altered, and next year to be restored. Simply to add to the confusion, it can be said that Canada, too, has long celebrated a Thanksgiving day. Its observance falls on the Monday of the week in which November 11 falls.

Naturally, true thanksgiving is a matter of the heart rather than of the calendar. In the most highly favored of countries, we can properly give thanks 365 days of the year.

THE FOURTH HORSEMAN

Typhus fever, that rat-borne plague, deadliest killer of the ages, has risen in the wasted villages of poverty-stricken Spain, where sanitation has broken down and rats have come to live with listless men. The death wagons roll through dirty streets.

So doctors, rather than military men, have discovered why Hitler has failed to march into Spain to smash at Gibraltar and close the Mediterranean Sea to Britain's fleet. Hitler's legions of steel have no weapon to oppose the plague that dimmed the glory of Greece, swept away one-fourth of the population of Europe in the Dark Ages, came back from Moscow with Napoleon's shattered army to ravage France, and killed six million people in Russia and Serbia after World War I. Berlin as well as Paris is fearful of the plague that threatens to race northward through underfed, ill-clothed conquered countries—into Germany.

And I looked, and behold a pale horse; and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with the sword, and with hunger, and with death, and with the beasts of the earth.—Revelation, VI, 7.

Hitler has seen a terror greater than the vastness and snows and cold of the Russian winter. He has looked upon the pale horse of death and hell at the Spanish border—and he has shuddered and turned back.

Guard President

At President Roosevelt's party for Washington newspaper reporters, guests who had wandered to the south lawn had a queer sensation when they tried to get back into the Mansion and found the doors locked. Peering through the windows they saw that the brightly lighted Red room, the Blue room and the Green room had been suddenly emptied. Before long, a secret service aide came to explain. The rooms had been cleared to allow President Roosevelt to pass through to his private elevator. Just part of closer guarding of the President since the war has become worse.

Daly City police department, proved the man's correct name to be Arthur John Neilson. It was further found by Chief Reardon that Neilson was sentenced to the penitentiary at Joliet, Illinois on a grand larceny charge, and was discharged in 1939. The police found pawn tickets showing where Neilson had pawned stolen goods from business houses in Oakland, and also found much of the stolen property.

The local police turned Neilson over to the Oakland police department for prosecution.

"NAVY INTELLIGENCE"

Is it necessary to be a high school graduate in order to enlist in the Navy?

No. Navy enlistees need not be high school graduates. All applicants will be given an examination containing approximately 100 questions. A grade of 50 per cent or better on this examination is sufficiently high to pass the Navy educational standards. However, a high school education will be valuable to the seaman during his Navy enlistment.

• • •

If I enlist in the Navy or Naval Reserve, will I be sent to a Navy Trade School?

All new recruits are sent to one of four Naval Training Stations and after a training period they may take examinations for entrance into Navy Trade Schools. Those recruits who pass their examinations with sufficiently high grades are sent to Navy Trade Schools before assignment to the fleet. While attending these schools, they will receive regular Navy pay and free schooling valued at $1500.

• • •

What is the greatest possible pay I can expect to earn during my first term of enlistment?

It is possible to earn as much as $126 a month by the end of your first term of enlistment, and remember that your clothing, lodging, medical and dental care are all supplied free.

• • •

After I have served my term of enlistment, what benefits do I get for re-enlistment?

Depending on your rate and length of service, you can get a cash bonus up to $300 plus 30 days leave with pay.

• • •

What does the term "ash can" mean in the Navy?

An "ash can" is a slang term applied to the depth charge used to combat submarines. The average "ash can" is a container filled with approximately 300 pounds of T.N.T. and can be dropped overboard from a ship and so controlled as to explode at depths ranging from 36 to 300 feet. These are generally carried by the fast ships in the fleet, as a boat dropping a charge regulated to explode at 70 feet depth must move away from the explosion area at a speed of 25 knots or more. These "ash cans" are either rolled off the stern or shot from "y-guns" which hurl one right and one left simultaneously.

THANKSGIVING SMOKE

Whist To Benefit O. L. P. H. Church

A public whist party for the benefit of Our Lady of Perpetual Help church will be held Friday evening at Masonic hall at 8:30 p. m.

There will be a cash first prize, and numerous other awards for winners. The party is a monthly event, being held on the third Friday in each month.

The public is cordially invited to attend, and there is a nominal price for score cards.

Wrong Training

Colleges continue to train students for jobs that no longer exist, Chester G. Moore, chairman of the board of the Central Motor Freight association, recently told a conference at the University of Illinois. And all the time, he said, jobs as salesmanager, accountants, office managers, solicitors, traffic managers, and tariff experts—in the trucking industry, are going begging.

Livestock Show Is Biggest Event Since World's Fair

California Agriculture's own show, the Grand National Livestock Exposition in the "Cow Palace," November 15-22, is the state's biggest event since the World's Fair on Treasure Island.

So declared George N. Keyston, president of No. 1-A District Agricultural association, state agency sponsoring the Exposition, as thousands of visitors from all over the West were welcomed this week.

The five million dollar venture is a triple show, each division of which is a national classic in itself and presented all together constitutes the greatest exposition of its kind ever produced in Western America, Keyston said.

Supplementing the three major divisions is a spectacular arena entertainment program headlined by Ken Maynard, star in scores of movie thrillers.

Placing San Francisco in the very front rank of the nation's animal industry centers is the livestock division of the Exposition. This brings into competition for $47,341 in cash premiums, 153 of the nation's foremost producers of purebred beef and dairy cattle, sheep and swine who have entered total of 1,845 animals valued at a million dollars.

The Grand National Horse Show has brought another million dollars worth of the finest show animals in the nation who are vieing for $18,000 in cash stakes and prizes. S. E. Kramer, manager of the Horse Show, declares it ranks in quality and style with the great classics of New York and Chicago.

Because the Exposition is sponsored by a State agency and therefore is a non-profit venture, the huge spectacle has been inaugurated at record low prices.

There will be a nightly performance, including November 22 and two more matinees to be held Thanksgiving Day, November 20, and Saturday, November 22.

Diet Changes

Since 1917 the American public has changed its diet by increasing the use of salads, malted milk, whole milk, fresh fruit, canned fruit and fresh vegetables.

MOVIE STAR JOINS U.S. NAVY

Ensign Wayne Morris Seeks Wings

Wayne Morris, recent star of "I Wanted Wings," became a member of Uncle Sam's Navy in May, 1941, when he was appointed to the rank of Ensign.

When asked what he thought of the United States Navy, Morris said, "I think every man who is considering joining a military service should look into the 'chance of a lifetime' which the Navy and Naval Reserve offer to get into the big-pay field of the future—aviation. In the Navy you can attend the finest flight training schools in the world, and receive instruction from Navy pilots who introduced dive bombing, aircraft carriers and catapult take-offs to the rest of the world. Also, there are opportunities in Naval Aviation for men who don't want to fly. They can be trained as aviation machinists, metalsmiths, photographers, observers, or they can receive instruction in many other trades. It's a great life in the Navy."

Ensign Wayne Morris is pictured here in his line of duty as a member of the Naval Aviation Cadet Selection Board at the Long Beach Naval Reserve Air Base.

SOCIAL SECURITY REPORTS NOW READY

Wage earners whose jobs are covered by the social security act were reminded today that a statement of wages credited to their accounts may be obtained from the social security board and that any errors in the account for employment in 1937, the first year of the act's operation, must be corrected before the end of this year.

J. F. Fanning, manager of the board's San Mateo office, explained that the law limits the time within which errors or omissions in a worker's account can be corrected to four years after the year in which the wages were received.

This means, Fanning said, that if an employee finds the amount credited to his social security account for 1937 is incorrect or incomplete, the worker has until the end of this year to get an adjustment made by filing proof of the correct amount with the social security board.

The San Mateo office of the social security board, located at 308 Baldwin avenue, will on request furnish a postcard form on which the worker may apply for a statement of his account.

FOR YOUR Thanksgiving DINNER

By BETTY BARCLAY

Another Thanksgiving Day is approaching and here are recipes and games that you will find well worth your attention. Happy Thanksgiving!

Cider and Cranberry Relish

1 package strawberry-flavored gelatin
1 cup hot sweet cider
1 cup hot cranberry juice
¼ teaspoon salt

Dissolve gelatin in hot fruit juices and add salt. Turn into half-size individual molds. Chill until firm. Unmold. Serve with fish, veal, pork, or poultry. Makes 8 half-size molds.

The chief cook will have extra cause for Thanksgiving if she invests in a quick-frozen turkey which has tenderness and flavor sealed in by Arctic cold. Quick-frozen vegetables are a joy to busy cooks, too, because all the grubby time-consuming chores of preparation are disposed of before quick-freezing is applied.

Oyster Stuffing for Turkey

4 cups soft bread crumbs
½ teaspoon sage
¼ teaspoon thyme
⅛ teaspoon nutmeg
1 teaspoon salt
Dash of black pepper
½ teaspoon scraped onion
1 egg, slightly beaten
½ cup melted butter
1 box quick-frozen oysters, thawed and chopped

Use day old bread. Combine bread crumbs, seasonings, and onion. Add egg and butter and toss together with fork. Add chopped oysters and mix lightly. Makes enough stuffing for one small turkey.

Whipped Sweet Potatoes in Orange Shells

8 oranges
4 cups boiled or baked sweet potatoes
2 teaspoons salt
2 tablespoons melted butter
8 marshmallows

Cut off tops of oranges and remove pulp and juice with a sharp knife and spoon. Whip sweet potatoes with salt, butter and orange juice to moisten to desired consistency. Use juice secured in preparing shells. Fill orange shells and top each with a marshmallow. Brown in moderate oven until heated through. (Serves 8).

Magic Thanksgiving Tarts

1⅓ cups (15 oz. can) sweetened condensed milk
¼ cup lemon juice
1 cup cranberry pulp, drained
2 eggs, separated
2 tablespoons sugar
Baked tart shells

Blend together sweetened condensed milk, lemon juice, cranberry pulp and egg yolks. Pour into baked tart shells. Cover with meringue made by beating egg whites until stiff and adding sugar. Brown in a moderate oven (350° F.) for 10 minutes. Chill before serving. Or omit meringue and decorate tarts with turkeys cut out of pastry and browned delicately on a cookie sheet in the oven. These tasty tarts are easy to serve; they're easy to make, too, for the recipes are magically failure-proof.

Liederkranz Cheese and Onion Spread

Spread slices of rye or pumpernickel with butter and then with Liederkranz cheese. Cover with sliced marinated Bermuda onion. To marinate onion, add salt, pepper and equal quantities of oil and vinegar to sliced onion and let stand twenty minutes. Garnish with stuffed olives.

Hot Coffolate

Cinnamon stick stirrers add a delicate flavor to this festive Thanksgiving beverage, which is made of chocolate combined with decaffeinated coffee, so that nobody will worry over sleeping problems at the end of a happy holiday.

1 cup strong decaffeinated coffee
3 squares unsweetened chocolate
3 tablespoons sugar
Dash of salt
3 cups milk

Make decaffeinated coffee extra strength using 1½ tablespoons for each cup, ½ pint water. Add chocolate to coffee in top of double boiler and place over low flame, stirring until chocolate is melted and blended. Add sugar and salt, and boil 4 minutes, stirring constantly. Place over boiling water. Add milk gradually, stirring constantly; then heat. When hot, beat with rotary egg beater until frothy. Serve hot or cold. Top with whipped cream, if desired. Serves 4.

Social Ice Breakers

Whether you're entertaining for the service boys on leave or neighborhood friends, quick-action games that are easy to learn can be counted on to assure party success. El Dorado, an exciting new board game based on search for authentic hidden treasures, is just as easy to learn as Dig, the hit game you play with little miner's picks and alphabet letters or Bonanza, the new fad that blends Michigan and rummy; and, of course, Monopoly, the real estate trading game can always be counted on to make a party go.

British Possession

New South Wales became a British possession in 1788.

Mothers' Club Install New Officers

New officers of the Mothers' club of Our Lady of Perpetual Help school was installed at a meeting Friday night.

Mrs. Elsie Thompson was installed as president of the group; Mrs. Mary Musante, vice-president; Mrs. Lucille Marriscolo, recording secretary; Mrs. Josephine Kelley, financial secretary; Mrs. Catherine Naccarini, treasurer; Mrs. Isabel Nassano, marshall; Mrs. Elinor Byrne, in charge of sewing; Mrs. Mary Hanley, in charge of socials; and Mrs. Sophie Klinger, past president.

Installation ceremonies were followed by a social given in honor of Mrs. Sophie Klinger who relinquished her duties as president. Mrs. Klinger has occupied the presidential chair since the organization was formed in 1939. A lovely gift was presented to her by the club.

Chinese Secret Societies

Police raids on two big meetings in a Canton, China, cemetery resulted in the arrest of nearly 100 Chinese who were suspected of being members of illegal secret societies. The societies hold their meetings at the grave of one of their slain members.

P. T. A. Holds Membership Drive

A number of new members joined the Parent Teachers Association at Bayshore recently after a membership drive.

Many of the members of the organization donated their services to the American Red Cross, and the league hall is being used for the Red Cross first aid classes.

The Bayshore group is sponsoring many activities for the soldiers at Moffet field. A batch of home-made cookies was presented to the soldiers by Bayshore members. Bayshore also entertained a group of Moffet field boys at the school auditorium.

The P.T.A. held an executive board meeting on Friday, November 7, and the regular monthly meeting took place on Friday, November 14.

In honor of the Independence club of America, a dinner was held on Monday, November 10. A nominal charge was made and proceeds were entered into the fund of the treasury.

A program dealing with the famous leaders of the Revolutionary War period was presented by the seventh grade social science class. Each member of the class had a part in the play.

Grade 7 has a hobby of making scrap books. Gino Massini and Evo Martini have assisted in compiling a set of nature study books, enough to supply every class in the school.

With an early start, the students of grade 5 recently completed 100 Christmas tray favors for service men in hospitals at Moffet field and Fort Ord.

More Interest in Sports

Is interest in athletic affairs slackening because of the European war? Not if attendance at baseball games is any criterion. At the Yankee stadium this summer, 84,000 paid to see a game, the third largest crowd in baseball history. And in the Pacific Coast league, Seattle, until June 5, 1 [illegible], drew 27,000 more admissions than during the corresponding period in 1939, and Seattle led the league in attendance in 1939. It seems that people want to get away for a couple of hours from the war news in Europe and welcome the opportunity of going to the ball game or playing a bit of golf.

Play Two Games At Marchbank Field Sunday -- Papenhausen, Blues Win

Papenhausen Hardware baseball team scored three runs on three hits in the first inning and added two tallies in the third inning to defeat California U. C. T. in a game at Marchbank field, Sunday.

Kerpinsky, winning pitcher, hurled shutout ball until the eighth inning when U. C. T. scored a run on an error, and later added two more in the ninth. Up until the eighth inning, Kerpinsky allowed the U. C. T. club but three hits.

Another spectacular pitching performance for the Papenhausen nine was credited to Vic Carr a week ago Sunday when he pitched a one-hit game in defeating the Laundryworkers Union by a score of 21 to 0.

These games are Peninsula Winter league games, and are sponsored each Sunday by the Daly City WPA Recreation department.

Jefferson Defeats San Jose Eleven

Displaying their best football this season, Jefferson high school served warning to South City gridders, Friday afternoon, at San Jose in a sensational win over San Jose high to the tune of 12 to 6.

The game marked the Jeffs second win this season, and was a decisive victory, for, although the win came by a margin of but one touchdown, Jefferson managed to keep the ball well into San Jose territory most of the afternoon.

Highlighting the game was the excellent kicking of Bob Dyer, Jefferson end. Dyer averaged about 35 or 40 yards on each punt, and it was one of the deciding features of the contest. Ferrando, playing end in Dyer's position while the latter was in punt formation, was very effective in getting down under the kicks and dropping the San Jose safety in his tracks with deadly tackles.

Scoring in the game did not occur until late in the third quarter when the Jeffs drew first blood on a pass, Ferrando to Dyer, a gain of about 30 yards. The play followed an Indian drive from their own 40-yard line.

After the start of the last quarter, not more than three or four minutes after the Jefferson touchdown, San Jose tied the score with a touchdown on a perfectly executed pass play that was good for a gain of 70 yards. Without doubt, the most spectacular play of the entire game, the pass itself netted 35 yards.

The play failed to have a demoralizing effect on Jefferson, however. The Jeffs made their opportunity count when they intercepted a San Jose pass on the latter's 30-yard line, and it was at this point when Jack Andriola entered the limelight.

Andriola, on successive running plays behind excellent Jefferson blocking, marched the ball deeper into San Jose territory, and on an off-tackle play, carried the pigskin 12 yards to the one yard marker. It was Andriola again on the touchdown play, plunging through the line for the winning touchdown.

Daly City Boys Defeat For Mason

Playing before the largest basketball crowd this season at Jefferson high, the Daly City Boys' club trounced Fort Mason by a score of 35 to 20 in a WPA Recreation department game, Friday evening.

Johnson of the Boys' club led the scoring with 14 points, while Tennant and Stewart were high scorers for the losers with 6 points each.

The other game of the evening double bill was a nip and tuck affair with Edwards Wire Rope lassoing Treasure Island by a 25 to 24 count. DeZordo was high point man for the winners, and Royse tallied a total of 9 points for the losing team.

No games are scheduled for this week at Jefferson high gymnasium because of the Thanksgiving holiday.
